

# DOUBLE O

## Concentrated Hard Surface Cleaner

### Product Information

DOUBLE O is a state of the art cleaner for all hard surfaces. It performs exceptionally well for cleaning stone, tile, concrete and grout. This product is 100% biodegradable, is made from renewable raw materials, and uses the power of hydrogen peroxide (oxygen) and d-limonene (orange) as active ingredients. This product will brighten surfaces as it cleans. Use in showers, restrooms, floors, concrete walkways, decks, and exterior houses and buildings. DOUBLE O is safe on marble, slate and other sensitive surfaces.

### Benefits:

- Totally biodegradable
- Made from renewable resources
- Cleans multiple surfaces
- Brightens as it cleans
- Clings to vertical surfaces
- Ideal for cleaning grout
- Removes mildew, mold and algae
- Pleasant citrus fragrance
- Safe on all surfaces

Read MSDS before using. Keep out of reach of children. Avoid contact with eyes and skin. Avoid misting product. Store in cool dark area. Keep container closed when not in use. Do not pour unused product back into container.

**Directions:** 24 oz/gal. for heavy duty cleaning. 12 oz/gal. normal grout cleaning. 8 oz/gal for granite and marble. 4-oz/gal general cleaning. Apply solution to surface. Let stand 1-2 minutes. Rinse clean. Scrubbing may be necessary for some surfaces.
