

EcoSystem™

High Foaming Restroom Cleaner-4

Product Information Sheet

Product Description

Ecosystem™ High Foaming Restroom Cleaner-4 has a low pH and behaves like an acid but is non-corrosive when tested according to DOT test methods and is classified as a mild skin irritant. This biodegradable formulation meets the Green Seal GS-37 standards. It is excellent for lime, rust and soap scum, and calcium carbonate removal.

Ecosystem™ High Foaming Restroom Cleaner-4 may be used on most bathroom fixtures but without the safety hazards of fumes and skin contact. This high foam product has excellent dwell time on vertical surfaces. **Ecosystem™ High Foaming Restroom Cleaner-4** is packaged with tamperproof dilution-controlled inserts and is ready for quick and easy connection to the **Ecosystem™** dispenser.
