

EcoSystem™

DOUBLE O Hard Surface Cleaner-5

Product Information Sheet

Product Description:

EcoSystem™ Double O Hard Surface Cleaner-5 is a state of the art product for all hard surfaces. It performs exceptionally well for cleaning tile, stone, and grout. This product is 100% biodegradable, is made from renewable resources, and uses the power of hydrogen peroxide (oxygen) and d-Limonene (orange) as active ingredients. **EcoSystem™ Double O Hard Surface Cleaner-5** will brighten surfaces as it cleans. Use in showers, restrooms, kitchens, floors, walkways, concrete, decks, exterior houses and buildings. It is safe to use on marble, granite, slate, and other sensitive surfaces. **EcoSystem™ Double O Hard Surface Cleaner-5** is packaged with tamperproof dilution- controlled inserts and is ready for quick and easy connection to the **EcoSystem™** dispenser. **EcoSystem™ Double O Hard Surface Cleaner-5** has been formulated to meet Green Seal's GS-37 standard for green cleaning.
