

Environmental Restroom Cleaner

Product Information Sheet

ENVIRONMENTAL RESTROOM CLEANER has a low pH and behaves like an acid but is non-corrosive when tested according to DOT test methods and is classified as a mild skin irritant. This biodegradable formula meets Green Seal's GS-37 standards. It is excellent for lime, rust, soap scum, hard water and calcium carbonate removal. ENVIRONMENTAL RESTROOM CLEANER may be used on most bathroom fixtures but without the safety hazards of fumes or skin and eye contact. ENVIRONMENTAL RESTROOM CLEANER may be diluted up to 5:1 for daily cleaning or may be used full strength for weekly maintenance routines.

Benefits

- Meets GS-37 Standards for Green Cleaners
- Is non-regulated by DOT standards
- Non-fuming
- No phosphates or VOC's
- Exceptionally safe
- Helps dissolve build-up
